**GLORIOUS SUN GROUP**

News Release

## **Holiday Inn Express Hong Kong Kowloon CBD2 Awarded Muse Hotel Award (Silver)**

Glorious Sun Group proudly announced, Holiday Inn Express Hong Kong Kowloon CBD2 (“CBD2 Hotel”) received the Silver Award of Architecture and Interior Design – Hotels and Resorts in Muse Hotel Award 2022 after winning two design awards in 2021. CBD2 Hotel is solely constructed by Glorious Sun Group and designed by the award-winning and internationally renowned architect, Mr. Rocco YIM. CBD2 Hotel is managed and operated by InterContinental Hotels Group PLC.

Muse Hotel Award is presented by International Awards Associates from the United States since 2020. The award is one of the most internationally significant competitions in the creative design field across the globe. The awarded hotels come from the United Arab Emirates, China, the United States and Japan. CBD2 Hotel awarded the Silver Award of Architecture and Interior Design – Hotels and Resorts among various hotels in the world after the strict procedures and is the only architecture in Hong

Kong to receive the award.

The lobby and the public area of CBD2 Hotel are designed by Richards Basmajian Interiors Limited. Their clients included multiple 5-star hotels and they are best-known names in the field. The hotel lobby makes a striking impression on the streetscape with its colorfully lit double height core wall forming a backdrop to the lobby seating area. While seemingly abstract, the concept for the backdrop comes from the idea of a nest, giving comfort, warmth and protection to the weary traveler, formed by a tangle of braches and twigs with bright flashes of color reminiscent of iridescent peacock feathers. It is a theme that continues throughout the hotel in the circulation areas and lift car interiors and into the hotel rooms where the branches turn to green symbolizing new growth.

CBD2 Hotel, the first hotel project of Glorious Sun Group continuously received international awards in a short period, proving its architect and interior design have achieved the level of excellence and is well-recognized by the architect design field and the market.
